Support Northwood's Award Winning Program!

Year after year Northwood's award winning arts programs collaborate on our annual musical. With over 200 students involved in the technical theatre artistry, orchestra, and cast - our unique ability to create a professional experience full of transferable skills is unprecedented. Many in our Northwood community are not aware that it is solely through ticket sales and donations that we are able to put on our productions. With such a large theatre space - our sets also need to be large and with the talented students in our technical theatre program they need to continue to be challenged with opportunities to grow and hone their craft.
